The National Board of Health has considered your application for registration to carry out cosmetic treatment.

The National Board of Health hereby informs you that the Board has registered you to carry out:

- Hair transplants, including assessment of the patient prior to the transplant

The National Board of Health has also registered that you carry out the above treatment at the treatment facility: Hårklinikken ApS, Amaliegade 42, DK-1256 Copenhagen K.

In this connection, you have informed us that a doctor is present at the treatment facility.

Furthermore, the National Board of Health has noted that it appears from your application for registration that you do not have an assistant to help you carry out the hair transplants.

You will find your registration data at the National Board of Health's website within three days.
